

# Wentworth Falls School Song

Across the mountains high and wide,  
Through valleys down below,  
We sing in cheerful voices,  
Of a school we love and know.  
This is a school of friendship,  
Of harmony and fun,  
Achievements are acknowledged  
With joy by everyone.

## ***Chorus;***

*Wentworth Falls Public School*  
*You can call us 'Wenty'*  
*It's a safe environment,*  
*And we have fun a-plenty.*

Our school is set in bushland green,  
Near falls of beauty praised,  
And as we enter the playground,  
Our hearts and hopes are raised.  
Clad in brilliant red and blue,  
Sharing laughs and tears and cheers,  
Community spirit shining through,  
Making friends throughout the years.

## ***Chorus;***

*Wentworth Falls Public School*  
*You can call us 'Wenty'*  
*It's a safe environment,*  
*And we have fun a-plenty.*

When mist rolls in or snow falls,  
It's a picture filled with fun  
The eucalypts not far away,  
Give freedom to each one.  
Through the years of fun and learning,  
Our friends will join together,  
To sing this song and praise our school,  
It's Wenty Falls forever.
